

ABORIGINE SETTLEMENT & ELEPHANT SANCTUARY

'An adventurous outing'

Pickup from hotel lobby and proceed to Pahang and the journey takes about 1 hour 45 minutes. Our first stop will be at the Aborigine Settlement.

Then proceed to Kuala Gandah Elephant conservation which was established in 1989 by the Department of Wildlife and National Parks. The center is a base for the Elephant Relocation Team, which began the elephant translocation programme in 1974. The only one of its kind in Malaysia, the team is dedicated to locating, subduing and then translocating problem elephants from areas where their habitats are constantly being encroached by plantations and to other suitable habitats throughout the Peninsular such as Taman Negara.

Over the past 25 yrs the centre has helped prevent the further declined of the elephant population by relocating more than 300 wild elephants. Those who are brave, we suggest you bring a change of clothes and towel if you wish to participate in water activities such as swimming and bathing the elephants in the river. After the tour end you will be transferred back to the hotel.
